WHAT'S NEW

New Feature

New Ongoing Commitments in Pro

There are now new options for ongoing events in Pro! You can allow or require volunteers to signup for multiple events at once. You also have the option to set a volunteer schedule when creating an ongoing event.

Read More >

New Feature

Big Ongoing Events Upgrade!

Creating ongoing events is much faster with better frequency options. All ongoing events will now display their dates at the top of the page for easy navigation.

Read More >

New Feature

New Volunteer Guest + Minor Registrations

Now, you can give volunteers the chance to bring along their friends or children as guests to volunteer.

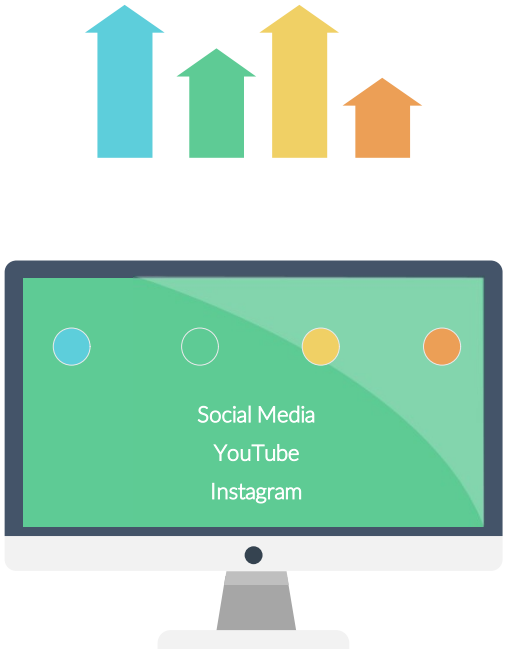
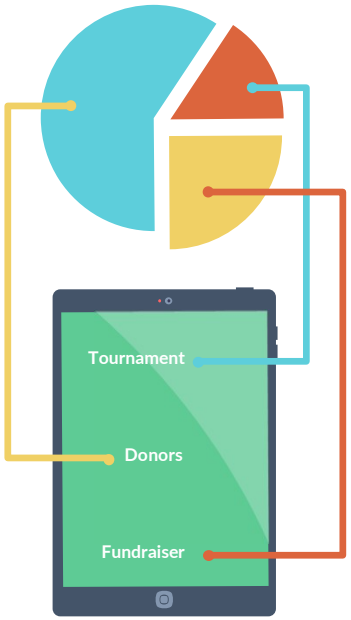
Other Uses for AI Adoption



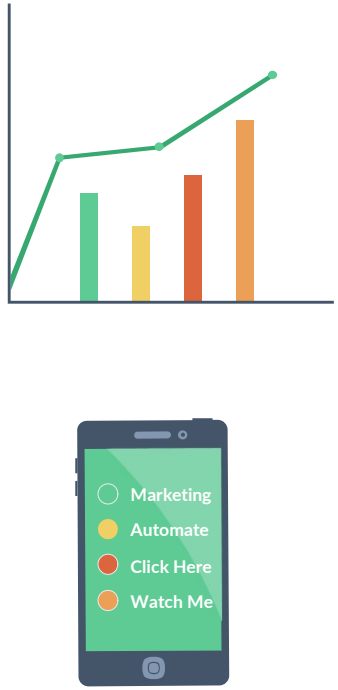
Content Marketing

AI can boost content marketing for local associations by generating targeted, data-driven content, optimizing distribution strategies, and personalizing messaging to better engage members.



Data Analysis & Fundraising

AI can enhance fundraising for local associations by identifying potential donors, personalizing outreach, and optimizing campaign strategies for maximum impact.



Customer Engagement

AI can enhance customer engagement for local associations by personalizing communication, automating responses, and analyzing member preferences to deliver more relevant content and experiences.

Enhancements Summary

TechSoup	Website available to non-profits to get discounted applications, services and refurbished technology
BoardSpot	Online board portal built to facilitate management of nonprofit organizations to engage your entire board.
Point	Website created to manage, engage and mobilize your volunteers, allowing you to grow your impact
Chat GPT	Artificial intelligence chatbot allowing users to converse with the application. Assists with writing learning and brainstorming
Otter Ai	AI tool that automatically transcribes, summarizes and assigns action items from meetings
